Work Experience:

Web Developer, Casa da Gente

11 months

Responsible for the development, maintenance, and management of the store's e-commerce platform using Tray, a prominent e-commerce solution in Brazil. Additionally, managed marketing responsibilities and oversaw various marketing campaigns.

Developer, Job Uniformes

1 year and 4 months

At Job Uniformes, I developed an internal-use EletronJS app to monitor order production, enhancing staff understanding and workflow efficiency. Additionally, I spearheaded the development of the company's initial and current websites. I was also the primary point of contact for resolving all technology-related issues within the company.

Education:

- **Colégio Paraíso** (School/High School), Juazeiro do Norte, CE
 - Duration: 13.5 years
- **Colégio Chromos** (School/High School), Belo Horizonte, MG
 - Duration: 1.5 years
- **Universidade Federal do Cariri** (UFCA) (College) (*Incomplete*), Juazeiro do Norte, CE
 - Duration: 2.5 years
 - Major: Computer Science
- **Udemy certificates for:**
 - HTML
 - CSS
 - JavaScript
 - React
- **Project-Based self-study:**
 - Self-directed learning via project-based study and research on various platforms and through YouTube. Topics covered span a wide range of technologies including React.js, Bootstrap, Electron.js, Tailwind CSS, npm, Node.js, Sass, and RESTful APIs.
